

Cyclone offers durable galvanised nails for fencing and building applications.

Cyclone's galvanised nail range offers long-term fastening solutions across a wide range of fencing and building applications.

Available in Flat Head, Jolt Head, NU Way, Twisted Spring Head and Vineyard options, the range provides reliable fastening solutions for a variety of applications.

FLAT HEAD		
LENGTH (mm)	DIAMETER (mm)	WEIGHT (kg)
60	2.80	0.5 / 5 / 25
75	3.15	0.5 / 5 / 25
75*	5.30	25
100	4.00	0.5 / 5 / 25
100	4.50	25
125	5.30	0.5 / 5 / 25
150	6.30	0.5 / 5 / 25

JOLT HEAD		
LENGTH (mm)	DIAMETER (mm)	WEIGHT (kg)
75	2.80	0.5 / 5 / 25
100	3.15	0.5 / 5 / 25

Nu Way Fasteners		
LENGTH (mm)	DIAMETER (mm)	WEIGHT (kg)
60	4.00	50 / 300
75	4.00	50 / 300

Hot dipped galvanised with weather seal washer, suitable for roofing and cladding.

Twisted Spring Head		
LENGTH (mm)	DIAMETER (mm)	WEIGHT (kg)
60	3.15	0.5 / 2.5
75	3.15	2.5

Economical alternative to Nuway fastener, for use when weatherproofing is not required. Often used on utility sheds.

Vineyard			
TYPE	LENGTH (mm)	DIAMETER (mm)	WEIGHT (kg)
Square Twist	75	2.80	0.5 / 5 / 25
Large Head	100	3.15	0.5 / 5 / 25

Specially developed for the viticulture industry.

Cyclone fencing is manufactured by United Wire Products and meets the WIREMARK® Quality Standard.
