

Cyclone offers durable, versatile fencing for a wide range of applications.

Cyclone Chainlink is manufactured using long-life zinc-coated alloy wire and features secure knuckle joints that resist deformation, providing lasting strength and durability.

Easy to erect and highly adaptable, Chainlink is suitable for sports facilities, boundary fencing, industrial and security applications, temporary fencing and pet enclosures. Available in a range of heights, wire diameters and mesh sizes, with customised green and black PVC coatings and heights up to 4000mm available to order.

Size Range Available			
HEIGHT (mm)	DIAMOND (mm)	WIRE DIA. (mm)	LENGTH (m)
900	50	2.50	10 / 15 / 30
900	50	3.15	10 / 30
900	75	2.50	10 / 15 / 30
900	75	3.15	10 / 30
1200	50	2.5	10 / 15 / 30
1500	50	2.5	10 / 15 / 30
1800	50	2.5	10 / 15 / 30
1800	50	3.15	10 / 15

MADE TO ORDER		
HEIGHT (mm)	DIAMOND (mm)	WIRE DIA. (mm)
